MANDEVILLE PRIMARY SCHOOL

PE AND SPORT PREMIUM REPORT

Context
The Department for Education's vision for PE and sport premium is that 'all pupils leaving primary school will be physically literate and will have the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport'. The Government will continue investment in the primary PE and sport premium, as announced in December 2015 through 'Sporting Future: A New Strategy for an Active Nation'. The provision of this additional ring-fenced funding, specifically to make additional and sustainable improvements to the quality of PE and sport schools offer, demonstrates the importance placed on PE and school sport by the Government.

Overview
2016-2017: Provision
In 2016-2017, schools received £8,000 PE and sport funding and an additional payment of £5 per pupil. Mandeville Primary School received a total of £9,181.00. A full breakdown of how this money has been spent is detailed below.

Provision	Cost
YST membership for the year	£200.00
Engraving of sports trophies	£37.80
Shelving and fixings for new PE shed	£522.03
Keys for new PE shed	£63.00
BSP 2 of 3 instalments for membership paid in November and April	£823.32
Entry fee for Leventhorpe competitions	£80.00
Salary of PE Apprentice	£3,750.00
Mini Squash Day on 12th January 2017	£216.00
Basketball hoop, balls and pumps in preparation for new basketball club	£205.20
Triathlon Day to introduce The Big Pedal on 16th March 2017	£700.00
Top up squash coaching for Year 2 class for 6 weeks	£162.00
Cancelled coach for cross-country event – postponed due to bad weather	£90.00
Coach for Years 4, 5 and 6 to rescheduled cross-country event	£200.00
Coach for Year 5 back quicksticks competition on 30th March 2017	£140.00
Val Sabin PE scheme throughout the school	£704.00

This equates to a total expenditure of £7,893.35 and a balance of £1,287.65.

2016-2017: Impact On Pupils' PE And Sport Participation And Attainment
As a school we have tried this year to introduce the children to a wider range of sports and activities in the hope that they may find a sport which they enjoy, pursue and ultimately take with them into their adult life. For each sport we introduce we have provided links with local clubs and organisations which parents and children can follow up if they feel a passion or an interest for a particular sport.

We have also tried to give as many children as possible the opportunity to participate as part of a team representing Mandeville. We are aware that for many children this may the first time they have experienced this and we hope that by providing that opportunity they may feel inspired to seek out their own particular sport and enjoy being part of a club or a team.

- All children from Nursery to Year 6 participated in a half an hour's duathlon during which they ran, cycled and rested for two minutes in a rolling programme. Feedback from staff and children was overwhelmingly positive.
- Children from Year 2 to Year 6 received 40 minutes squash instruction from a qualified coach. Comments from the children included: "I found it fun to try something new." (Year 6) "I enjoyed learning the skills through the fun games." (Year 4) Following on from this we introduced an after school squash club.

- Tim Osbourne (the mini squash coach) is booked to work with both Year 2 classes and Year 4 in the summer term. He will be working alongside the teachers to up skill them in the teaching of the game.
- Sport Premium money has funded a coach which will enable Years 4, 5 and 6 to each send 18 children to cross country event when it is rescheduled next month.
- As a result of membership to the BSP we have participated in several Level 2 competitions. We have increased our participation in competitions (partly due to funding transport and partly due to the employment of our PE Apprentice as an extra member of staff) and have even entered B teams into more than one of the competitions this year. Each child receives a certificate of participation. Reports and photographs are posted on the website, celebrating children's participation in inter-school sporting events.
- Hiring a Sports Apprentice has taken the pressure from teachers in terms of preparing and organising resources. We have found that with equipment set up for the lesson, there is more time for activity. In questionnaires conducted in December both staff and pupils across the school reported that they felt they had done an increased amount of PE since we have had our Sports Apprentice.
- The purchase of the shed has led to less time being wasted taking equipment through the school. Playground Buddy equipment is also stored in there in a well-organised manner, clearly labelled on the shelves.
- Following on from our participation in the basketball competition in November the children requested that we start an after school basketball club. We used Sport Premium money to buy the necessary equipment. The club is for Years 5 and 6 and is well attended.
- Having used Sports Premium money last year to buy the Dacorum Assessment Framework and skills progression, staff requested a scheme to support them in planning. Sport Premium money was used to buy the Val Sabin scheme throughout the school.

The school believes that the impact of these actions have resulted in the following:

- Through observation, there has been an improvement in the children's level of skill in dance, athletics, tag rugby, High 5s netball and hockey in particular.
- The school improved its placing on last year and came 2nd in the Leventhorpe High 5s competition. Mandeville was placed 3rd in the Birchwood Quicksticks hockey competition in which 28 teams participated.
- Many children are now coming to school on their bike or scooter and they report that they love coming to school that way. One boy said, "It makes me feel wide awake in the morning whizzing down the hill." (Year 2)
- In recognition of the school's achievements, Mandeville was awarded the silver Sainsbury's School Games Mark in July 2016.

2016-2017: Ensuring Sustainability

The school believes that the impact of these actions will be sustainable through the following:

- Our Sports Apprentice works closely with our Playground Buddies, teaching them games and helping them to organise activities on the playground. As they near the end of their time at primary school they will train the Buddies from the year below.
- Continued membership to the BSP will ensure the opportunity to participate in a range of Level 2 competitions.
- Up skilling of teachers with the external coaches, alongside providing the security of the scheme will ensure greater confidence in staff and lead to even higher quality teaching.
- Our children have been inspired to cycle and scoot to school. We will continue to take part in the The Big Pedal (organised annually by Sustrans) and the school's Travel Plan initiatives and encourage children to enjoy the benefits of cycling as part of a healthy lifestyle.

2017-2018: Provision

Mandeville Primary anticipates receiving a total of £9,210 in the next financial year. The school will once again be using the funding to make additional and sustainable improvements to the quality of PE and sport offered. This will include developing the PE and sport activities that the school already offers and making improvements now that will benefit pupils joining the school in future years. For example:

- Employing qualified sports coaches to work with teachers;
- Providing staff with quality professional development;
- Running varied PE/sports clubs for pupils, including the Change4Life club;
- Increasing pupils' participation in sporting activities and competitions;
- Enhancing sports equipment and resources.

Our current aim is to integrate and promote health through PE and school sport, supporting pupils in making informed choices about healthy eating, fitness and their emotional and mental well-being.

Summary

At Mandeville Primary School, we are committed to building on successful practice. Therefore, the Governing Body will continue to monitor, evaluate and review the impact of the school's actions on pupils' outcomes to ensure that the funding is used to enhance provision and that improvements are sustainable in the long term. This is supported by the PE Leader and Link Governor attending relevant conferences, such as the 'Hertfordshire's Primary Schools' Sport And PE Conference: Developing The Whole Child: Healthy, Happy, Active Children' in January 2017. Governors aim to ensure that the PE and sport premium funding secures excellent outcomes for pupils, is used effectively to improve the quality and breadth of PE and sport provision and encourages children to develop healthy, active lifestyles.
